

# INVITATION

**Invasive Species Workshop**, presented by the Community Science program at the Invasive Species Centre

May 24<sup>th</sup>, 6-7:30

Hilton Beach Community Hall  
3050 Hilton Road, Hilton Beach

Presentation, take home information and Q&A with the experts.

Join us to learn about priority invasive species in Hilton Beach and surrounding areas including giant hogweed, Japanese knotweed, European frogbit, oak wilt and more! You will learn how to identify, manage, and report invasive species as well as learn what you can do to prevent their spread.
